Key Features: -

> Mix Note Counting: Designed to help count mixed-denomination currency notes.

> Digital Display: View counting information on the machine's display.

> User-Friendly Keypad: Convenient control panel for operating available functions.

> Fast Cash Handling: Helps reduce the time spent on manual counting.

> Batch Counting: Supports batch counting if enabled on the model.

> Add Function: Helps accumulate counts across multiple counting sessions, if supported.

> Business-Friendly Design: Suitable for regular cash-handling environments.

> Easy Operation: Designed for convenient daily use.

> Professional Cash Management: Helps organize cash-counting tasks more efficiently.

Advantages: -

1. Save Time: Speed up daily cash-counting tasks compared with manual counting.
2. Reduce Manual Errors: Minimize the risk of mistakes associated with repetitive hand counting.
3. Improve Productivity: Help employees complete cash-handling work more efficiently.
4. Convenient Operation: Use the control panel and available counting functions for routine tasks.
5. Better Cash Management: Make daily sales collection and cash reconciliation more organized.
6. Suitable for Multiple Businesses: A practical option for shops, offices, retail counters, and cash-intensive businesses.
7. Professional Performance: Support a more systematic cash-counting workflow.
